### Novara Gospel Festival: ITALY

After the success of the previous editions, especially the last three ones, with the participation of the world's most acclaimed artists Kirk Franklin, Richard Smallwood and Donnie McClurkin, we are now organizing the sixth edition of the festival, that will begin next March with the traditional workshops for amateur gospel singers and will end with the concerts on October 2010.

The last three editions of the festival will remain memorable for us and for numerous gospel fans. Last festival closed on October 4th with an exceptional event: the concert of Donnie McClurkin, the acclaimed Grammy Awards winner.

The artist, for his first time in Italy, performed live at the Coccia Theatre in Novara, acclaimed by the audience and the media.

More than 3000 people from Italy, UK, France and Switzerland and about 120 artists took part in the festival concerts, workshops and tours and made the city administration and the sponsors very proud. Novara has become the "Italian capital of gospel" City of Angels and, according to the media, the festival is the most important gospel event in Italy
